DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE SPECIFICATION:

Page 1, line 6, after "10/31/01," insert -- now U.S. Patent 6,743,543,--.

Allowable Subject Matter

2. Claims 1 and 3-9 are allowed.
3. The following is an examiner's statement of reasons for allowance:

As previously established on the record, Applicant filed a statement of common ownership to obviate the 35 USC 103 rejection over the Kim et al. reference. As this reference is the closest prior art to instant claim 1, the application is now in condition for allowance. To further clarify the record, Kim et al. is not considered to be anticipatory of claim 1 because it does not disclose an electrically conductive gas diffusion material.
